**CERAMIC FOR THE SENSES**

***Nature*** caracteriza uma nova fase de CERAMIC FOR THE SENSES, onde a Recer reforça o cuidado que desde sempre deposita no desenvolvimento (e apresentação) dos seus produtos.

A protecção da Natureza e dos equilíbrios ecológicos, são uma preocupação dos nossos dias. É particularmente nossa quando concorremos para evitar impactos de carácter ambiental, reproduzindo com fidelidade produtos como a pedra ou a madeira, ou quando utilizamos toda a tecnologia de ponta que permite redobrar os cuidados colocados durante o fabrico e posteriormente no uso e até reciclagem dos nossos pavimentos e revestimentos cerâmicos.

Nature representa uma nova etapa no ciclo regular de lançamentos Recer.

É uma invocação da Natureza e sua luz. Nature é cor, textura e forma, manifestações expressivas e imediatas à sensibilidade humana quando se impõe a escolha criteriosa de um produto criando estilos de vida e acentuando a personalidade dos espaços onde se mostram.

Nature é sustentabilidade e luz, inovação e design.

***Nature*** represents a new stage in CERAMIC FOR THE SENSES, where Recer intensifies the care that it has always taken in the development (and presentation) of its products.

The protection of nature and ecological balance are of great concern these days. And especially for us when we are trying not to harm the environment, faithfully reproducing products to resemble stone or wood, or when we are using the very latest technology to enable us to redouble the care taken in the manufacturing and subsequent use, and even recycling, of our floor and wall tiles.

Nature is a new stage in the regular cycle of Recer product launches. It is an innovation of Nature and its radiance. Nature is colour, texture and form, qualities that immediately impinge on human sensitivity, when a product is chosen with the utmost rigour, creating lifestyles and accentuating the personality of the spaces where they are displayed.

Nature is sustainability and radiance, innovation and design.
